ELECTRONIC EQUIPMENT

RPM Range - 0

Deluxe Automotive Meter with RPM & Temperature

Professional grade tool used for diagnosing electrical, computer and engine problems on any vehicle. Includes two sets of test leads, RPM pick-up, temperature probe, holster and instruction manual. Inductive RPM pick-up features a five position, adjustable sensitivity switch • 45 test ranges • RPM for dis & standard ignitions • Dual display with analog bar graph and large LCD digital display • Built in temperature readings • 10 meg/ohm input impedance • Built in tilt stand • AC/DC volts and amps

\$98⁰⁰

#ES585 (3)

Electronic Specialties

Laser Photo Tachometer

New pro model Photo Tach with high intensity laser beam. Laser method allows for longer detection distance, up to 60 feet away, resulting in superior performance over infrared models. Also features max/min memory and continuous backlit LCD display. Great tool for a variety of RPM applications.

- Continuous backlit LCD Display, easy to use
- Easy and accurate measurements of RPM in almost every environment • Simply aim at reflective tape, non-contact method • Memory function saves maximum and minimum RPM readings
- Use for measuring RPM on coil-on-plug and diesel engines, where conventional inductive tachometers can not be used • Other uses include generators, compressors, industrial engines and equipment, fans, gears and more.

\$89⁹⁵

#ES332

-58 to 1022 Degrees

Electronic Specialties

Non-Contact Infrared Thermometer

Quick and easy surface temperature measurements. Just aim, pull the trigger and read the temperature on the display! Measures 6 inch diameter target from 4 feet away. • Built-in Laser Pointer • °F/°C Switchable Button • Backlit LCD Display • Catalytic converters, air conditioners, heaters, radiators, engine troubleshooting, coolant temperature etc.

\$79⁹⁹

#ESEST65 (2)

9 Volt Battery Included
• One Year Warranty

#ESEST75 Up to 1832° F • Spot Ratio 12 to 1 **\$159⁹⁵**

Electronic Specialties

Auto Ranging Digital Multimeter

High precision autoranging DMM that can trouble shoot all types of electrical problems. Select Volts, Ohms or AMPS and the unit will automatically select the proper test range. Other capabilities: Frequency, Capacitance, duty cycle, diode and continuity test. Auto power shut off, dual fuse protection, data hold, protective holster, beeper for continuity testing, relative change function, manual range select.

\$48⁰⁰

#ES480A (3)

NEW!

STANT Cooling System & Cap PressureTester

Now test higher pressure cooling systems and pressure caps found in Audi, BMW, Mercedes, Volkswagen, ect. up to 30 lbs. New head design incorporates a pressure release bar. Also three new cap testing ranges 18 pounds, 20 pounds and 30 pounds. Accurate color-coded gauge. Instruction manual, a spacer for testing 1" deep filler necks, a cap adapter for 3/4" deep caps.

Air Compressors Call for Pricing...

Two Stage Electric Air Compressors 5 to 10 H.P.

- Solid Cast Iron Cylinder
- Start-Stop Pressure Switch Control
- Magnetic Starter
- Low Oil Level Switch
- Automatic Tank Drain
- Integrated Aftercooler
- ASME/CRN Tank and Safety Valves
- Fully Enclosed - High Flow Belt Guard
- 5 to 10 HP delivering 15.33 to 37.23 ACFM @ 100 psi
- All RCP Two Stage compressors come with a full 2 Year Warranty (including valves).

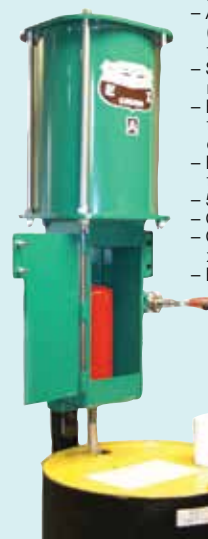

Two Stage Gas Driven Compressors 9 TO 13 HP

- 12V Electric & Recoil Start
- Start Key/Panel
- Solid Cast Iron Cylinder
- Pull Type Tank Drain
- Engine Slowdown (Pilot Valve)
- Fully Enclosed Belt Guard
- ASME/CRN Tank and Safety Valves
- Oil Monitor
- Cold Start Valve
- Precision engineered in a rugged package; complete with receiver tank, electric and recoil start and an operating pressure up to 175 psi, the RCP will get the job done. RCP Two Stage compressors come with a full 2 Year Warranty (including valves).

Oil Filter Crusher

For Large Trucks & Cars

Crushes large filters in 5 to 10 seconds
Up to 16" filters x 7" diameter

- 100% air powered with air regulator and lubricator included
- Air Pressure 100 - 200 psi (150 psi recommended for truck filters)
- Squeezes 95% of waste oil and reduces filter size approx 75%
- Handles all spin on filters from the largest truck to the small car filters
- Floor Stand included but not the barrel
- 5 year warranty
- Crusher unit -40.5" x 15" x 15"
- Crushing chamber- 16 x 7-5/8 x 7-5/8
- Floor stand- 38.5 x 30.5 x 24

69788 Recovery/Recycle/Recharge

Quality Performance Year after Year

Design Certified for Compliance with SAE J2788

New A/C systems are smaller. Machines must charge with in.5 oz and recover 95% of the refrigerant.

Automatic/Programable or Manual

The 69788 can be programmed to complete a continuous recovery/recycle, vacuum, vacuum leak test and recharge. The machine can also be set to run each operation individually.

Includes Refrigerant Capacity Database (over 1000 vehicles)

Includes refrigerant capacity for US and import makes and models from 1995 to 2010. The 69788 is capable of software upgrades as well.

Auto Vacuum Leak Test

Pause cycle and monitors vacuum level to inform the technician of possible leaks.

Auto Oil Discharge

Oil is automatically discharged during the recovery process into a graduated container clearly displaying the amount of oil that was removed during the recovery process.

Auto Air Purge

Automatically purges air from the tank upon initial start-up or when the tank pressure is too high.

Auto Filter Alarm

The machine's LCD and alarm will warn that a filter change is required.

Compact Footprint

The machine's compact design makes it easy to maneuver and requires minimal shop space.

SPECIFICATIONS:

- 115 V / 60Hz
- 6 CFM Vacuum Pump
- Internally mounted 30 lb. DOT tank
- Dimensions: 41" H x 24" W x 22" D
- Weight: 187 lbs.
